

REVISOR'S NOTE: This subsection is new language derived without substantive change from the second sentence of former Art. 48, § 168.

It is restated in the standard introductory language to a definition section.

(B) BOARD.

"BOARD" MEANS THE BOARD OF BOILER RULES.

REVISOR'S NOTE: This subsection is new language derived without substantive change from the first sentence of former Art. 48, § 169(a), as it related to the Board of Boiler Rules being referred to as the "Board".

Defined term: "Boiler" § 12-901

(C) BOILER.

"BOILER" MEANS:

(1) A CLOSED VESSEL IN WHICH WATER IS HEATED, STEAM IS GENERATED, STEAM IS SUPERHEATED, OR A COMBINATION OF THESE FUNCTIONS IS ACCOMPLISHED, UNDER PRESSURE OR VACUUM FOR USE EXTERNALLY TO THE VESSEL BY THE DIRECT APPLICATION OF HEAT FROM THE COMBUSTION OF FUELS OR FROM ELECTRICITY OR NUCLEAR ENERGY; OR

(2) A FIRED UNIT FOR HEATING OR VAPORIZING LIQUIDS OTHER THAN WATER IF THE UNIT IS SEPARATE FROM A PROCESSING SYSTEM AND IS COMPLETE WITHIN ITSELF.

REVISOR'S NOTE: This subsection is new language derived without substantive change from former Art. 48, § 168(a).

In item (2) of this subsection, the word "means" is substituted for the former words "shall include" so that the "means" part of the definition of "boiler" is not expanded by the "includes" part of the definition as it was in the former law. The first sentence of former § 168(a) defined a boiler as a closed vessel in which water was heated. The second sentence of former § 168(a) referred to a fired unit for heating or vaporizing liquids other than water.

(D) CERTIFICATE.

"CERTIFICATE" MEANS A CERTIFICATE ISSUED BY THE CHIEF BOILER INSPECTOR TO OPERATE A BOILER OR PRESSURE VESSEL.

REVISOR'S NOTE: This subsection is new language added to avoid repetition of phrases such as "certificate issued by the Chief Boiler Inspector to operate a boiler or pressure vessel".

Defined terms: "Boiler" § 12-901

"Pressure vessel" § 12-901

(E) CERTIFICATE INSPECTION.
